

1. Have you ever been Wrecking/beachcombing?

Fill in the chart below answering the question with pictures, ideas and predictions, put in as much detail as possible.

What did you find? (draw it in detail, draw it from different angles, describe carefully what it is made of)

Why is it here? (describe where you found it and how you think it might have got there)

Where did it come From? (Are there any clues to help you understand its origin? Could you use the internet or reference books to research it further? Do you know any experts you could ask?)
